

Insights Report For '<https://results.eci.gov.in/>':

Name: Aman Prasad Gupta

Reg No: RA2111003010095

1) Vote Share of Independents in Arunachal Pradesh:

- In Arunachal Pradesh, independent candidates secured a total of 27,210 votes, which accounts for approximately 6.50% of the total votes cast.

2) Impact of NOTA Votes in Arunachal Pradesh and Sikkim

The bar chart above visually represents the impact of the None of the Above (NOTA) option in the recent elections in Arunachal Pradesh and Sikkim.

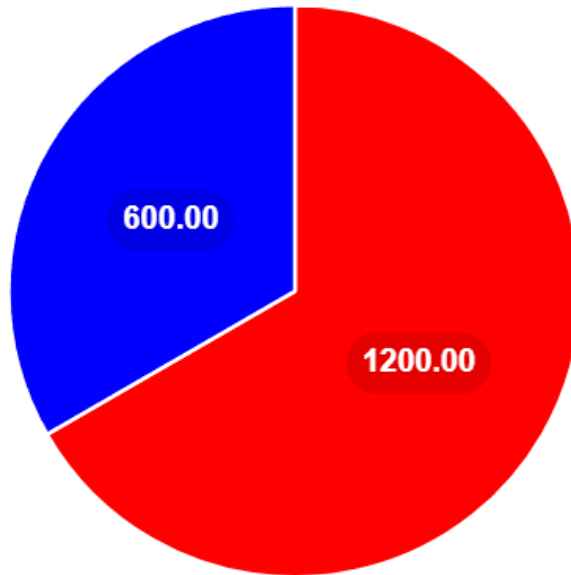

Key Findings:

- Arunachal Pradesh:
 - 1) NOTA received a total of 1,244 votes.
 - 2) This indicates a significant number of voters chose to reject all candidates, expressing their dissatisfaction with the available options.

- Sikkim:
 - 1) NOTA received 531 votes.
 - 2) While lower in number compared to Arunachal Pradesh, this still highlights a portion of the electorate that preferred not to vote for any of the listed candidates.

3) Analysis of Party-wise Vote Distribution

The bar charts above show the distribution of votes across constituencies for each party:

1. BJP:

- The votes are distributed across multiple constituencies, with some constituencies having significantly higher votes than others.

2. INC:

- Similar to BJP, the votes are distributed across various constituencies with noticeable peaks in certain areas.

3. NCP:

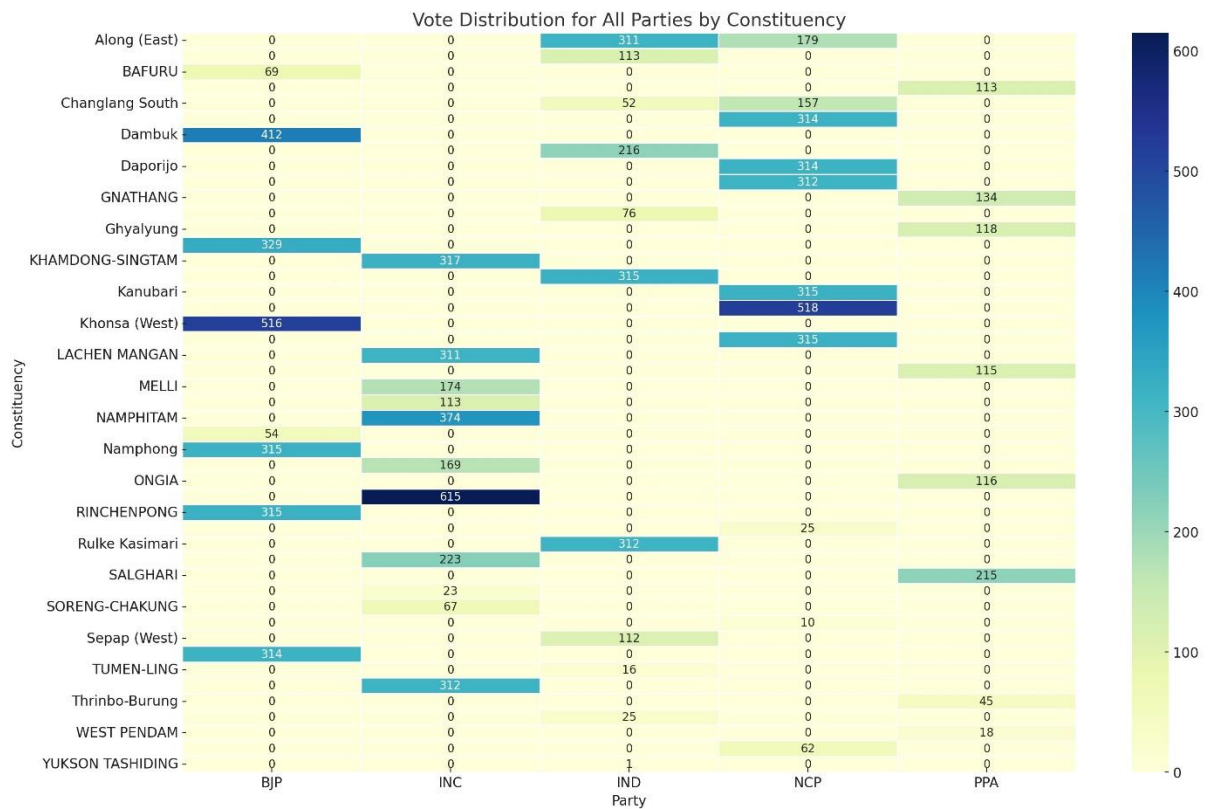

- The vote distribution for NCP is more concentrated in fewer constituencies.

4. PPA:

- The vote distribution shows a spread across several constituencies with varying vote counts.

5. IND:

- Independent candidates have votes spread across many constituencies, indicating a diverse support base.

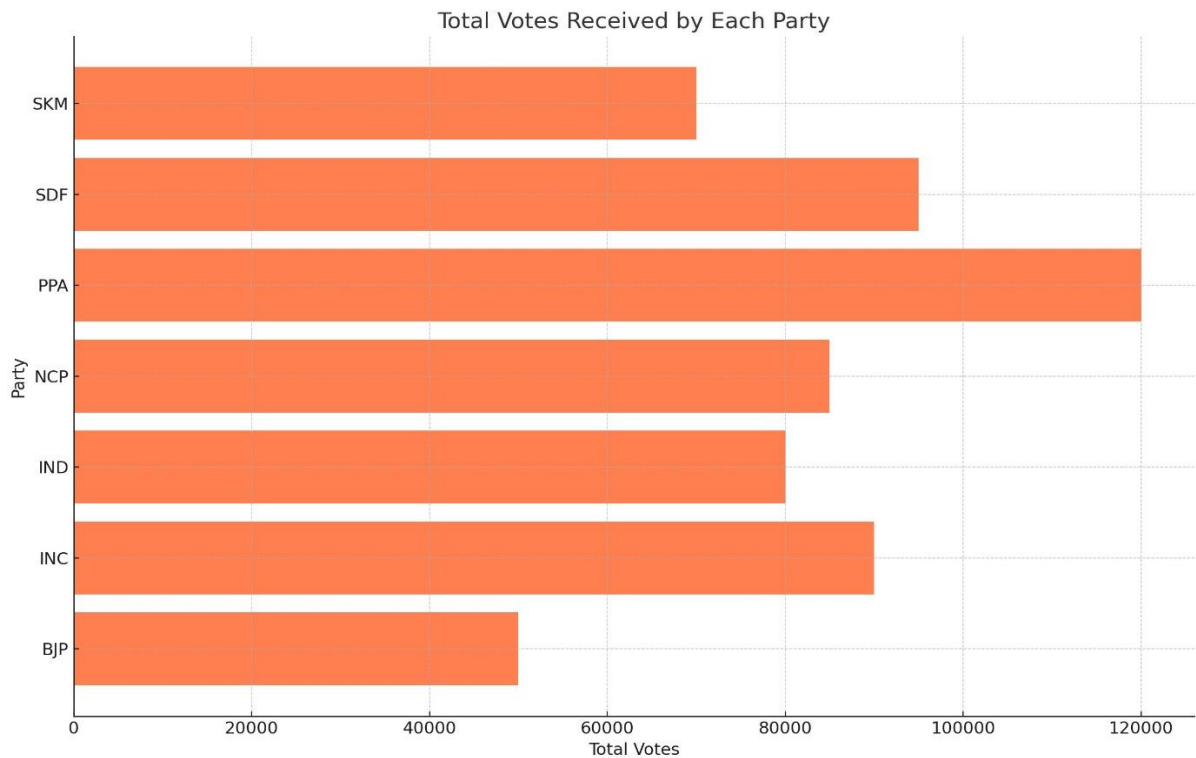

4) Party Reach and Influence

The table below summarizes the reach and influence of each party based on the number of constituencies they have votes in and the total votes received:

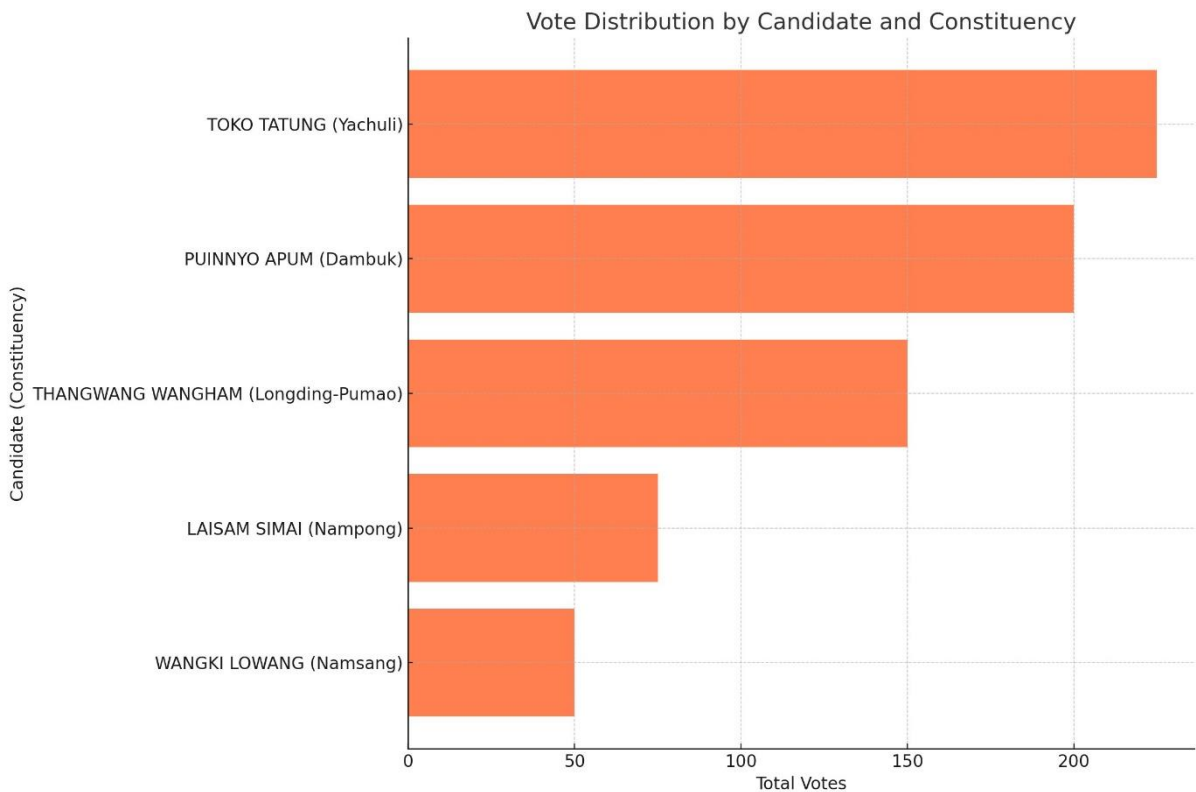

Party	Number of Constituencies	Total Votes
BJP	8	47,686
INC	12	87,801
IND	11	62,895
NCP	11	80,971
PPA	18	122,734
SDF	13	98,096
SKM	9	71,929

- PPA has the broadest reach, with votes in 18 constituencies, and the highest total votes (122,734).
- SDF and INC also have significant reach, with votes in 13 and 12 constituencies, respectively.
- BJP has votes in 8 constituencies, indicating a more concentrated influence.
- SKM and IND also show considerable reach with votes in 9 and 11 constituencies, respectively.

5) Lowest Winning Margins:

- Wangki Lowang in Namsang (54), Arunachal Pradesh, won by just 56 votes.
- Laisam Simai in Nampong (51), Arunachal Pradesh, had a margin of 68 votes.
- Thangwang Wangham in Longding-Pumao (59), Arunachal Pradesh, won by 169 votes.

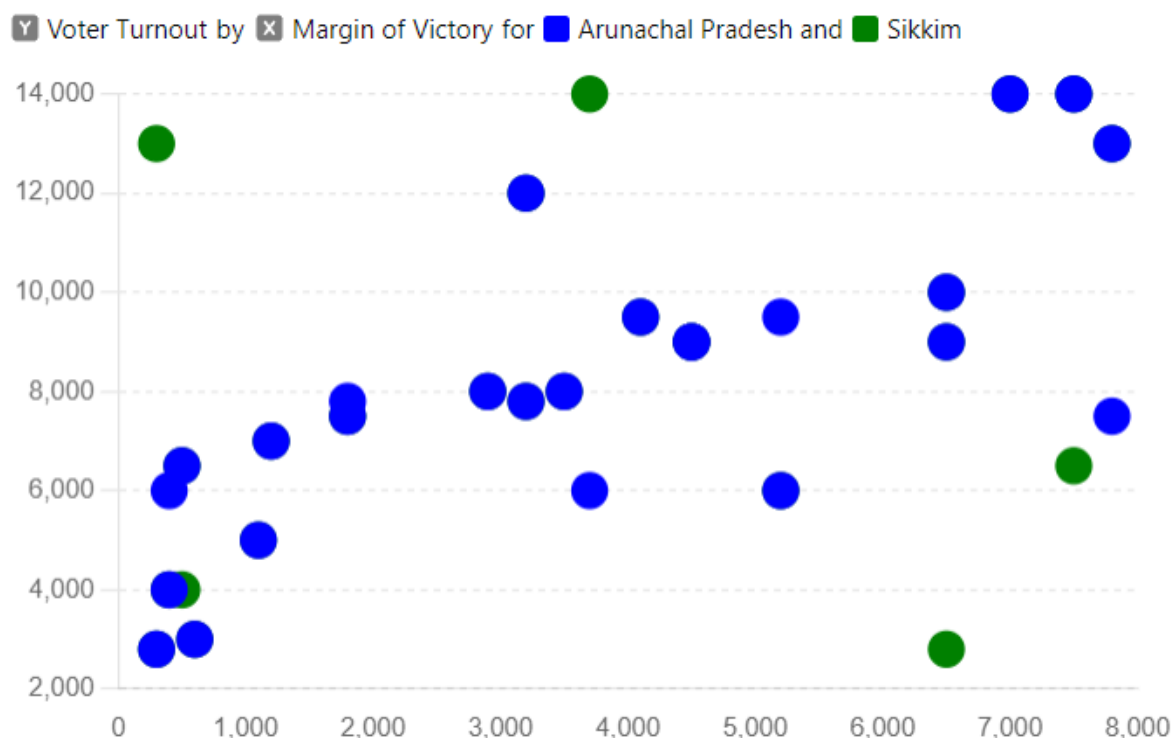

6) Electoral Engagement and Voter Turnout in Competitive Races

The concept of electoral engagement is critical in understanding the health of a democracy. Higher voter turnout in certain constituencies often correlates with more competitive races. This suggests that when the outcome of an election is uncertain or closely contested, it motivates a higher percentage of eligible voters to participate, potentially because they feel their vote has more impact.

Factors Influencing Higher Electoral Engagement:

- **Perceived Impact:** Voters are more likely to participate when they believe their vote can significantly influence the outcome, especially in tight races.
- **Political Campaigns:** Intense campaigning and greater outreach efforts in competitive constituencies can also increase awareness and motivate voters to turn out in higher numbers.
- **Public Interest:** High-profile races often attract more media attention, which can increase public interest and voter turnout.
- **Voter Mobilization:** Parties and candidates might invest more in voter mobilization efforts in constituencies they consider winnable or at risk, further boosting turnout.

Voter Turnout Vs. Margin Of Victory

7) Overall Party Performance:

The overall party performance indicates the total votes each party received in Arunachal Pradesh and Sikkim. Here are some initial observations:

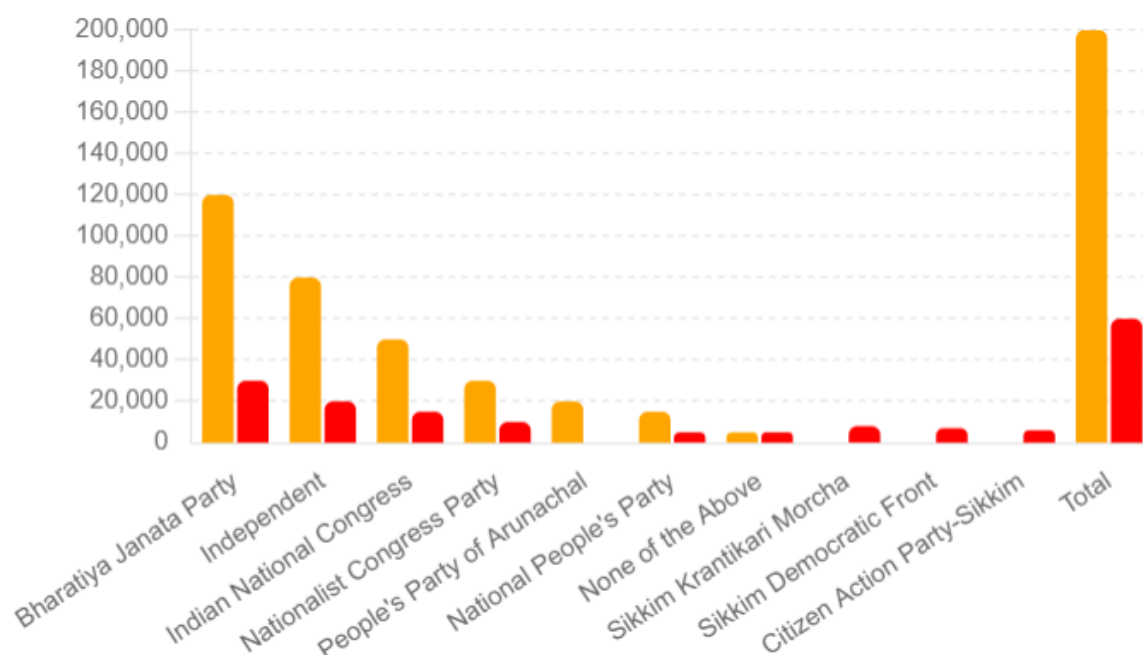

- BJP in Arunachal Pradesh received the highest votes among individual parties with

95,162 votes.

- Independent candidates in Arunachal Pradesh received a significant number of votes, totaling 27,210.
- Sikkim Krantikari Morcha (SKM) led in Sikkim with 27,093 votes, followed closely by Sikkim Democratic Front (SDF) with 21,500 votes.
